

Mesopotamia Create - a - God Mini - Project

Imagine that you are a Sumerian priest living in the city-state of Caindom. You and your fellow citizens are polytheistic - believe in many different gods - and your king has asked you to choose a god to help rule over and protect the city. With all of the other major gods busy ruling over the other city states, you decide to create a new god who will be the protector of Caindom. Your task is to introduce the new god or goddess of your city. You may make your god or goddess in a variety of different ways. For example, you could draw it using markers, crayons, or colored pencils. You could make a shadow box showing your god or goddess. You may make your god or goddess out of clay, or even make a paper doll. Use your imagination, and be sure to include the following:

- 1.) A detailed picture (or other form) of your god or goddess.
- 2.) A written description of what your god or goddess rules over.
- 3.) A special name for your god or goddess.

This project will be due on _____, and will be worth 150 points. We will have an election to choose the most creative god or goddess, and determine which god or goddess will rule over the city-state of Caindom.
